COV004 Covid-19 Risk Assessment - Visitor Journey

Hazard	Who is affected	Risk	Control Measures	Likelihood
Arriving at the attraction	All Visitors and employees	HIGH	<p>To ensure the safety of our visitors and employees the following measures will be put in place when arriving at the attraction:</p> <ul style="list-style-type: none"> • Boarding will whenever possible be from the upper esplanade • Floor marking will be present throughout the queuing areas to remind visitors to remain 2m apart. • The main queuing will be along the outside of the front glass panels. This will be defined by a limited use of the tensa pole system and painted (water paint) markings to ensure a 2-metre distance is maintained. • All visitors will be required to have their temperature taken before being granted access to the boarding area. • Prior to entry for a POD journey, all visitors (over the age of 16) will need to either scan the track and trace QR code, use the app. Signage must be placed at all entrances and visitors directed to use it. If there is an issue with either the QR code or the app, they will need to provide contact details of all members of their party, via our manual backup system. • All visitors will be required to wear a face covering when entering an enclosed space throughout the site. • Employees that are checking temperature will be supplied with full face visor or face mask and nitrile gloves for their protection and that of the visitor. • To minimise the amount of interaction with employees we will encourage cashless, online ticket sales where-ever possible, however, cash will be accepted if the visitor has no other means of payment. 	LOW

Page 2 of 10

Boarding and security checks	All Visitors and employees	HIGH	<p>Once visitors have queued and have passed the temperature test the following controls will be in place:</p> <ul style="list-style-type: none"> • Contactless ticket scanning. • Two security guards checking stations under the fixed shelter on the upper deck. Visitors will be guided to the correct station by signage, supported by the guest experience team. Visitors will wait on the floor markings in front of security, until called forward by a security guard. • All visitors will be required to use the hand sanitiser stations before proceeding to security search, these will be wall mounted on the post of the fixed shelter on the upper deck. • Security personnel will be supplied with full face visor or face mask and nitrile gloves for their protection and that of the visitor. 	LOW
Boarding and security checks	All Visitors and employees	HIGH	<p>In case of very poor weather conditions, we do have the ability to board from the lower esplanade:</p> <ul style="list-style-type: none"> • This will only be in severe weather conditions (lower visitor numbers) • Visitors will enter through the Constable doors and be processed through security / temperature check in Constable. • They will then proceed into Austin and Volk. • Boarding bar will be available. • For embarking they will be directed to the pod west door. <p><u>Note:</u> if large numbers of visitors are expected and if Birch is free then we may use Birch as opposed to Constable for the security / temperature checks as this would allow for increased space.</p>	LOW

Upper esplanade waiting area	All Visitors and Employee	HIGH	<p>Whilst waiting to board the Pod, visitors will be kept in a security ‘Clean’ area that will be double wall barriered, whilst inside this area the following will be in place:</p> <ul style="list-style-type: none"> • Floor signage for small queuing areas such as the bar and the public toilets. • Floor standing signage to remind visitors of our covid-19 precautions. • Seating will be separated to ensure 2m social distance • Public toilets on the upper deck will be cleaned between flights once the cleaning crew leave the Pod. • Security stations will be cleaned down between flights by the security team. There will be a separate COSHH risk assessment, supported by training for the team. • Boarding bar will operate a full drinks service where visitors will order and collect drinks from the bar and be free to roam the esplanade in a Covid safe way. • Seating has now been provided for use by visitors waiting to board, this seating will be sanitised between flights by the GE team 	LOW
Lower esplanade waiting area	All Visitors and employee	HIGH	<p>Once clear of security checks the following will be in place:</p> <ul style="list-style-type: none"> • Hygiene screens will be fitted at all fixed till points. • Floor signage for small queuing areas such as the bar and the public toilets • Floor standing signage to remind visitors of our covid-19 safety information. • The events public toilets will be cleaned between flights once the cleaning crew leave the Pod. • Seating will be separated to ensure 2m social distance. • Security stations will be cleaned down between flights. 	LOW

Volk room Bar area	All Visitors and employee	HIGH	<p>Volk room bar service when boarding from upper esplanade</p> <ul style="list-style-type: none"> • Volk bar available to all visitors to BAI360 whether a ticket holder or not • Full table service only • All visitors must be sat down to consume food and drinks • Face coverings can only be removed whilst sat down consuming food and drinks • Bar staff will still wear a face covering <p>Volk room bar service when boarding from lower esplanade</p> <ul style="list-style-type: none"> • Free Covid safe roaming and drinking allowed when boarding indoors as only visitors with tickets for the POD can be present. • Face coverings can only be removed whilst consuming food and drinks • Bar staff will still wear a face covering 	LOW
Private room hire	All Visitors and employee	HIGH	<p>Comprehensive Event risk assessment COV005 to be used for the private hire of meeting/event rooms</p>	LOW

Cleaning of the Pod	All Visitors and Employee	HIGH	<p>Pod cleaning measures:</p> <ul style="list-style-type: none"> At the start of every day the Pod will be thoroughly cleaned and disinfected. In between each flight thereafter the cleaning crew will clean the following <ul style="list-style-type: none"> All grab rails Bar area worktop Chair cushions Both gates This will be carried out between the lower esplanade and upper esplanade, with the housekeeping team wearing new 'Cleaning Crew' tops. This cleaning message will also be displayed on our website and around the building. 	LOW
Pod Air Conditioning and filtration	All Visitors and Employee	HIGH	<p>Pod Air Conditioning:</p> <ul style="list-style-type: none"> The A/C inside the Pod has been reconfigured to not recycle the air within the pod but instead bring in a continuous supply of fresh air from outside. All air inside the pod will be expelled out of the pod instead of being recycled. This will help to remove and potentially contaminated air before it can settle or be inhaled. All fresh air that is brought into the Pod passes through multiple layers of filter media before entering the public space. This filter media will be cleaned daily before operations start. 	LOW

<p style="writing-mode: vertical-rl; transform: rotate(180deg);">Whilst inside the Pod</p>	<p style="writing-mode: vertical-rl; transform: rotate(180deg);">All Visitors and Employee</p>	<p>HIGH</p>	<p>The way we will encourage social distancing will be as follows:</p> <ul style="list-style-type: none"> The Pod floor will be separated into 41 equal segments that will be marked out with tape. Max number of visitors reduced to 100 per flight or 40 groups, whichever is lowest. Visitors will be restricted to ‘bubbles’ of 6 maximum unless they form part of an exempt group as stipulated by the current government guidance. One group will be made up of either two adults or two adults and up to two, pre-teenage children, from the same household. Each segment will be used by only one ‘group’ at any one time. People will be allowed to walk between segments by using standard social distancing consideration, using the lines as guidance, until they reach an empty segment that they can occupy. A new announcement script will be written for the Pod crew to read out at the start of each flight to remind all visitors of the new rules whilst in the Pod. We will enforce the use of face masks for all visitors and employees whilst in in-door public areas including the Pod We will offer a full drinks service on the Pod in a Covid safe way. Empty glasses left on the upper deck will be placed on “glass stations” and on the pod will either be placed on the bar or on a “glass station” on exit. In case of the very unlikely event of needing a rescue from the pod, a revised plan has been developed to include social distancing requirements. 	<p>LOW</p>
<p style="writing-mode: vertical-rl; transform: rotate(180deg);">Exiting the Pod through the LE Retail area</p>	<p style="writing-mode: vertical-rl; transform: rotate(180deg);">All Visitors and employees</p>	<p>HIGH</p>	<p>Once the Pod has reached the lower esplanade, the Pod crew will make one last announcement explaining the procedure for when they exit the building, this will include the following:</p> <ul style="list-style-type: none"> Exiting pod via lower esplanade west door only Allow the use of event toilets to reduce overcrowding of retail’s toilets Direct customers for Magic Memories sales point. Exit Using the Nash door as exit only. There will be security at busy times on the Nash door to stop people entering. This is to ensure that social distances can be maintained and will also stop members of the public entering the building to just use the toilets. 	<p>LOW</p>

Private POD hire	All Visitors and employees	HIGH	<p>Private POD hire rules</p> <p>Maximum numbers for private hire will be as follows, commencing 17 May 2021.</p> <ul style="list-style-type: none"> • From May 17th - Wedding ceremonies and Wedding Breakfasts can be held for maximum of 30 (excluding staff, security, photography personnel) • Private hire for professional productions - these should be manned with minimal staff required, operated in a covid safe way, with no audience, socialising or Sky Bar service (we may want to provide them with paid drinks). • Business and educational events permitted from 17 May at 50% capacity (excluding staff, security, photography personnel). Social distancing measures must always be implemented and complied with. • Organised abseil events will be able to operate to the usual idrop numbers which is well under the capacity of 100. Standard covid safe procedures should be complied with; wearing masks, use and occupancy of marked zones, keeping distance from others. • Organised yoga / meditation event – 38 participants plus 3 teachers and BA i360 staff. One participant to occupy one marked POD segment. Standard covid safe procedures should be complied with; wearing masks to enter the building and the POD, use and occupancy of marked zones, keeping distance from others. • From 21st of June – there will be no government restrictions, subject to confirmation from the government. 	LOW
------------------	----------------------------	-------------	--	------------

Visiting the restaurant	All Visitors and employees	HIGH	<p>Current rules for the restaurant and tea-room</p> <ul style="list-style-type: none"> • Only full table service to be carried out • Visitors are to wear face coverings whenever they are indoors and not seated at a table • Visitors will not be permitted to approach the bar with WBBK • All employees will always wear face coverings whilst working in public spaces, including outdoor terraces • Contact details will still be taken for each table when they enter the restaurant. • All visitors (over the age of 16) will need to either scan the track and trace QR code, use the app. Signage must be placed at all entrances and visitors directed to use it. If there is an issue with either the QR code or the app, they will need to provide contact details of all members of their party, via our manual backup system. • Cashless payments will still be preferred and encouraged, with cash only being taken as a last resort • Maximum 6ppl per table unless visitors form part of a larger family 'bubble' exceeding 6 or the party is made up of 2 families visiting together. 	LOW
Toilet Facilities	All Visitors and Employee	HIGH	<p>We will put the following toilet management measures into place:</p> <ul style="list-style-type: none"> • Signage will be posted outside the main toilets / washroom to indicate that every other hand wash basin will be out of use and only one person to use them at a time. • Floor and wall signage will be used to mark out how to enter and exit the toilets / washrooms along with a queuing system. • Signs will be posted above each wash basin showing best hand washing technique. Personnel will wash with soap and hot water for a minimum of 20 seconds in accordance with NHS guidelines BEFORE and AFTER using the facilities. • Our cleaning crew will keep the facilities cleaned frequently in with line with the site cleaning rota. This will include cleaning down with disinfectant: door handles, cubicle locks, flushes, toilets, soap dispensers, hot water taps. • Hand sanitiser dispenser will be placed close to the door/entrance way. • Signage will be posted to remind visitors to inform a member of employee if any concerns are noted with the toilet facilities. 	LOW

Cash handling	All Visitors and Employee	HIGH	<p>Whilst we will strongly promote the use of contactless/card payments there will potentially be a demand for cash payments, we have detailed a comprehensive plan for the handling of cash on site. The key points are:</p> <ul style="list-style-type: none"> • Reduced cash till points • Only one employee to work on cash till at any one time • Strict cleaning routine of all cash tills/safes/cash counters • Only nominated employees; DMs or GE Hosts to collect cash floats from cash office • Only ever 1 employee to work in cash office 	LOW
Ticket Selling (fixed Point)	All Visitors and Employee	HIGH	<p>The ticket office will be used for fixed point ticket selling with the following measures in place:</p> <ul style="list-style-type: none"> • Only two till points open. • Hygiene screens to be installed at both till points. • Only one adult at a till point at any one time. • Capacity will be kept to a maximum of three adults per ticket office till / selling point at any time, with the next visitors waiting at the door to be called forward. • Floor stickers will be installed in front of tills and by door to show where to stand. • Depending on demand for the ticket office, mobile sellers could be used to relieve the pressure. 	LOW
PPE for employees	All visitors and Employee	HIGH	<p>During the current Covid-19 pandemic numerous categories/groups of employees will be required to wear PPE (Personal Protective Equipment). These are the current categories/groups of employees that will be issued with PPE and trained in its use before the business is officially re-opened:</p> <ul style="list-style-type: none"> • For details see COV003 Covid-19 Rick Assessment – Employee Safety. • There are currently enough supplies of PPE on site with more orders being placed every week to ensure stock levels are maintained and to protect the business in case of supplier issues. 	LOW

Page 10 of 10

If a visitor falls ill on site	All visitors and Employee	HIGH	<p>If a visitor falls ill or displays Covid-19 symptoms:</p> <ul style="list-style-type: none"> • If any visitor displays or reports symptoms of Covid-19 the employee who is made aware must inform the duty manager immediately and advise the visitor to leave the site by the closest possible exit and return home. • Once home the visitor should follow the government guidance on self-isolation and testing and remain at home until the period of self-isolation has been completed or a negative test is confirmed. • If the visitor is unable to leave safely on their own, we will ask them to remain in a safe isolated location and alert the duty manager immediately. The duty manager will contact NHS 111 and follow their advice. 	LOW
First Aid	All visitors and Employee		<p>Any employee that provides first aid within the premises must first be wearing the following PPE:</p> <p>Nitrile gloves Face mask Full face visor Plastic apron</p> <ul style="list-style-type: none"> • If the first aid room is used, once it has been vacated, it must be cleaned and disinfected throughout. 	LOW
